

AN EASY GUIDE TO RECYCLING

"MIXED" RECYCLING IS HERE!

It's simple to separate out recyclable materials from your garbage. You probably already have newspapers and bottles set apart. With a little extra effort, you can get into the recycling habit!

RECYCLE TODAY - IT'S EASY!

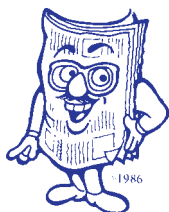

Place prepared recyclables into the **blue recycle roll cart** and the **red basket**. Single family residences may have the use of one convenient **blue roll cart** and one **red recycle basket**. Even if you are not currently a garbage collection customer you can take advantage of the curbside service for a small monthly fee in some areas. Refer to calendar for collection schedule. Call your Garbage/Recycle Collector for details.

"MIX" THESE ITEMS INTO THE BLUE RECYCLING ROLL CART NO NEED TO SORT OR SEPARATE!

(We mean mix them together! Recycling is now easier than ever!)

NEWSPAPER

The Newsmen's scoop, "All papers received in the newspaper can be recycled with the newspaper."

CARDBOARD

Cut corrugated cardboard into pieces small enough to fit inside the blue cart.

GREYBOARD/PAPERBOARD

Preparation: Please flatten

- Beverage boxes (six and twelve pack)
- Paperback books
- Phone books
- Boxes (cereal, snacks, etc.- discard liners)
- Construction paper
- Gift and shoe boxes (discard silicon packets)
- Paper egg cartons
- Paper towel and toilet paper tubes
- No oil or wax coated cardboard

PLASTICS

#1-7 rigid plastic containers only: Bottles, tubs and trays. **Mr. Jughead** says, "Be sure to rinse. Lids from tubs are okay."

Not Acceptable: sacks, films, bottle caps, spray pumps or containers larger than one gallon. Do not stack tubs. No motor oil, antifreeze, pesticide, paint, or solvent bottles. No plastic toys."

MIXED SCRAP PAPER

Open & remove mail from envelopes. Please, no non-paper inserts such as product samples, cd's etc.

- Advertising flyers
- Brilliant colored paper
- Brochures
- Computer paper and carbonless forms
- Envelopes (labels & windows OK)
- Greeting cards (no foil)
- Holiday gift wrap (no foil, tape, ribbon, bows)
- Paper bags (any color)
- Paper labels from cans
- Post-it notes
- Shredded paper (please contain in any color paper bags)
- White and colored ledger paper

MAGAZINES & CATALOGS

Glossy-bound publications with soft covers only. Read them, then we'll do the rest!

TIN CANS & ALUMINUM

Cool Can says, "Foil, T.V. dinner trays, pop tops, and out of state cans are okay."

Remove labels and place into blue cart as scrap paper.

No need to remove lids or flatten cans."

NEW! AEROSOL CANS! Remove spray-tip/discard. ALL cans must be empty.

NEW! SMALL SCRAP METAL! 18-inches or less, less than 10 lbs. Hangers, door knobs, small gutter pieces. Larger items? Call your garbage hauler direct.

NON RECYCLABLE MATERIALS

(PLACE INTO GRAY GARBAGE CART)

- Carbon paper
- Charcoal bags
- Disposable diapers and hygiene products
- Fertilizer bags
- Foam packaging materials
- Food contaminated paper and boxes
- Frozen food boxes
- Frozen juice paper cans
- Liquids
- Microwave dishes
- Mylar balloons or wrap
- Oil soaked paper
- Pet food bags
- Photographs
- Plastic twist-top lids
- Plastic wrap
- String
- Styrofoam
- Tape
- Toilet paper, napkins, tissues
- Waxed paper or boxes coated with wax or oil

IT IS ILLEGAL TO PUT HYPODERMIC NEEDLES OR LANCETS INTO RECYCLING, YARD DEBRIS OR GARBAGE RECEPTACLES. PLEASE CALL OUR OFFICE FOR A SPECIAL SHARPS SERVICE

PLACE THESE ITEMS INTO THE RED RECYCLE BASKET...

Red basket always goes out with blue cart for bi-weekly collection.

NEW! ANTIFREEZE! - Place into see-thru plastic jug with tight fitting cap. Keep motor oil and anti-freeze separate.

NEW! USED COOKING OIL! - Place cooled used-cooking oil into same container and cap originally purchased, or place into CLEAN see-thru plastic jug with tight fitting cap, 2-gallons per week maximum. DO NOT MIX WITH OTHER RECYCLABLES.

GLASS BOTTLES/JARS - From **Classy Glass**, "Bottles and jars only! Separate by color (brown, clear, green) into any color paper bag. Rinse...no need to remove labels. Please, no broken glass, ovenware, pyrex, china, ceramics, light bulbs or window glass!" No plastic lids (discard with garbage).

LATEX PAINT - Useable paint. Maximum 2 gallons per pick up. No leaking or rusted cans.

MOTOR OIL - **Slick Guy** says, "Used motor oil and automotive lubricants; just pour them into an unbreakable container with a twist on lid (not larger than 1 gallon). No transformer oil or antifreeze, please." No water or antifreeze contaminated oil.

BATTERIES - Place used dry cell batteries into a zip-sealed plastic bag and place into red recycling basket. Include these batteries: flashlight, toy & smoke detector, sizes AAA through D and 9-volt; lantern, 6-volt through 9-volt; rechargeable, NiCd, NiMH, Lithium Ion, hearing aid, calculator, and watch batteries (small button cells). **NO LEAD ACID BATTERIES!**
